WinCC Unified Test Drive Hands-On

This seminar will allow you to take the WinCC Unified HMI for a test drive. Explore the features of the new HMI hardware and software in a guided hands-on workshop. Learn directly through guided demonstrations and practical exercises.

Topics Covered:

- WinCC HMI Hardware and Software Overview: Familiarize yourself with the latest HMI technology from Siemens.
- Screen Development: Learn efficient methods to design user-friendly interfaces.
- Alarming: Implement effective alarm management techniques.
- JavaScript: Discover powerful scripting capabilities to enhance HMI functionality.
- System Diagnostics Control: Master diagnostic tools for better system management.
- Jumpstart Your Development: Gain practical skills to accelerate your project timelines.

Date: May 27, 2026

Location: **St. Louis, MO**

675 Spirit Valley Central Dr
Chesterfield, MO 63005
